

Paper Submission Process

Step 1: Log in to the China Finance Research Network by copying and pasting the following URL into your browser:

(<https://www.cfrn.com.cn/cfrn/meet/paper/6>)

Step 2: Click “注册” (Register) in the upper right corner to create an account.

Step 3: Fill in your personal information accurately to complete the registration.

Step 4: Return to <https://www.cfrn.com.cn/cfrn/meet/paper/6> and log in using the registered phone number or email and your password.

Step 5: Logging in through **the above URL** will automatically redirect you to the conference submission page. Please confirm the submitted conference name: 2026 China International Conference on Insurance and Risk Management. For an English submission, click **“English”** in the upper right corner, then complete the required information.

Step 6: Fill in the submission-related information step by step and upload the anonymized PDF version of your paper. You may optionally submit it to the China Financial Research Network, hereafter shortened to CFRN (CFRN submission is non-mandatory) as needed.

Step 7: To check the status of your submitted manuscript, please navigate to "Personal Center" → "My Submission" → "Conference" at the top of the page.

PS: Please **do not** submit conference papers through the following page. This channel will direct your submission to the CFRN instead of the conference submission platform, resulting in the conference organizing committee being unable to receive your paper.
